Re: Reclamation Plan Review, Lakeview Rock Products, Inc., Beck Street Quarry, M/035/020, Salt Lake County, Utah

Dear Mr. Larsen:

On April 21, 2003, the Division received a copy of the August 10, 1995, reclamation plan for the Beck Street Quarry, owned and operated by Lakeview Rock Products, Inc. This quarry is located in Salt Lake County, Utah, in portions of Sections 13 & 14, T1N, R1W, SLBM.

We have initiated our review of this document. As a part of the review process, we have contacted and met with regulatory personnel from Salt Lake City Corporation. It is our understanding that this mining and reclamation plan was initially prepared for and submitted to the Salt Lake City Corporation (SLC Corp), planning and zoning section. During our meeting with SLC Corp representatives, we were told that on December 20, 1996, Hughes & Hughes Investment Corporation, on behalf of Lakeview Products, Inc, had entered into a "Development Agreement" with SLC Corp. Several items that were a part of this agreement are in conflict with the reclamation plan as currently submitted to the Division.

Some of the conflicting items between the two plans are:

1. The reclamation plan submitted to our office on April 21, 2003, was prepared August 10, 1995. *The Development Agreement states that Lakeview will be subject to conditions as outlined in the August 10, 1996 reclamation plan.*
2. The 1995 plan received from Lakeview on April 21st states that the final highwall will be completed to an overall slope angle of 60 degrees. *The development agreement entered into with SLC Corp states that the final overall slope angle will not exceed 45 degrees.*

Before we will be able to continue with the review of your permit application, this disparity, along with any others that may exist between the two plans, must be reconciled. We suggest that you contact Lynn Pace at (801) 535-6613 to assist you in resolving these permitting discrepancies. Please provide your response within the next 30 days or no later than July 7, 2003.

If you have any questions please call me, or Doug Jensen at (801) 538-5286 or 538-5382 respectively.

Sincerely,
